

PRYDE SCHROPP McCOMB INC.

FEATURE PROJECT PROFILE

Fort McMurray Regional Airport Rehabilitation

Pryde Schropp McComb, Inc. (PSMI) was retained by the Fort McMurray Regional Airport Commission to manage the \$110 million redevelopment of their Airport. This project involves the construction of a new Air Terminal Building, Apron, Taxiways and Site Services.

This ambitious project combines many aspects of PSMI's services including; Project Management, Engineering Design, Construction Management and Planning. PSMI was retained early in the process to prepare a comprehensive schedule and project cost. PSMI managed the selection of consultants, prepared a comprehensive development plan, and will oversee construction when it begins in Spring 2010.

The work has involved detailed consultations with the Airport Commission, Regional Municipality of Wood Buffalo, Transport Canada, NAV CANADA, Airlines and various other stakeholders.
